Information Paper

No. 49

Agenda item 15
Country Names

The spelling of state names and of their derivatives as well as of the capitals, as indicated in the publications of the German Translation Service with the United Nations and of the German speaking nations, compiled and annotated by the "Ständiger Ausschub für Geographische Namen" (StAGN), Frankfurt am Main

This synoptical list has been revised as of July 1991 and published as a second edition by the Institut für Angewandte Geodäsie (IfAG), Frankfurt am Main. It contains for the first time a map of the states of the earth.

* This list is attached as an annex.
