SECOND UNITED NATIONS CONFERENCE ON THE
STANDARDIZATION OF GEOGRAPHICAL NAMES
London, 10-31 May, 1972

all resolutions

Draft resolution submitted by Yugoslavia

The Conference,

Recognizing that two scripts have long been in official use in Yugoslavia, i.e. the Roman and the Cyrillic scripts,

Recognizing further that in Yugoslavia romanization is carried out in official gazetteers and maps in accordance with a uniform system which is based on scientific linguistic principles.

Recommends that the system as used in the official publication "Imenik mesta" (Gazetteer of inhabited places), published by the Federal Statistical Office, Belgrade, latest edition 1971, be adopted as the international system for the romanization of the Cyrillic alphabets officially used in Yugoslavia for Yugoslav geographical names.
