Geographical names of the major features of elevation of Cuba**

Paper submitted by Cuba

* E/CONF.79/1.

** Prepared by the Working Group on Oronomy of the National Committee on Geographical Names.

SUMMARY

The Working Group on Oronomy of the Cuban National Committee on Geographical Names devoted its first efforts to standardizing the names of the major features of elevation of the country. The studies, consultations and research carried out enabled it to complete the final list, which was approved by the National Committee on Geographical Names and is annexed to the paper.
