REPORT FROM THE ASIA EAST DIVISION

(Paper submitted by Mr. T. Kanakubo)

## REPORT FROM THE ASIA EAST DIVISION

In compliance with the Secretariat's request, the Asia East Division called on the Republic of Korea to participate in the Conference on the Standardization of Geographical Names.

The Division subsequently received a letter from the National Geographical Institute of Korea stating that the Institute notified Mr. Breu, Chairman of the Conference, of its intention to participate in the Conference as its member. The Division has been informed that a committee on geographical names is to be established within the Institute for the purpose of the determining and standardization of geographical names to be entered on maps published in that country.
