Standardization of Geographical Names**

New York, 21 - 30 August 2007

Item 13 of the provisional agenda*

Toponymic websites

Toponymic Websites in Spain

Submitted by Spain **

* E/CONF.98/1.

** Prepared by Adela Alcázar y Margarita Azcárate, expertas en Toponimia del Instituto Geográfico Nacional, de España.

TOPONYMIC WEBSITES IN SPAIN

SUMMARY

In this paper is included information about websites where toponymy of Spain can be consulted. It has been prepared taking into account the distribution of competences on standardization of geographical names in this country. That is why there are two sections, the first one related to information about national level and the second one about the Autonomous Regions that have their own authority on geographical names.
