Summary

In response to resolution 14 of the Seventh Conference, efforts have been made to establish a complete inventory of documents from all sessions of the United Nations Group of Experts on Geographical Names (UNGEGN) and United Nations Conferences on the Standardization of Geographical Names. In total, some 2,000 documents have been listed. Copies of the documents are available at United Nations Headquarters in New York (in the Dag Hammarskjöld Library, the United Nations Map Collection and the office of the secretariat of UNGEGN). The secretariat will be keeping track of all new documents, many of which will be made available on the UNGEGN web site. However, further consideration should be given to the accessibility of the texts of earlier documents.
