

EXERCISE 1: ISSUES RELATED TO NAMING SEAS

[<previous](#)**Issue 1: What other seas are named for cardinal direction?**

For image see, [chapter 8](#) on "*Sea name categories*". A variant name of the Pacific Ocean is the South Sea, because when it was first glimpsed by Spanish conquistadores, it was located southwards of them. What other seas are named for cardinal directions?

Issue 2: what is the geographical location ?

For image see [chapter 9](#) on "*Sea naming period*". What is the geographical location of the seas named in the last three centuries?

Issue 3: In what period?

For images see chapters [8](#) and [9](#). In which period were most seas named after persons?

Issue 4: What was the principal motive?

For images see chapters [8](#) and [9](#). What was the principal motive for naming seas in Antiquity?
