This module, about toponymical planning (or "language planning"), is based on teaching materials prepared by Ferjan Ormeling. These teaching materials are made available in the "[documents](#)" section.

The module contains the following chapters:

[Introduction](#)[Chapter 1](#): What is **toponymical planning**?[Chapter 2](#): I. **Name changed** due to?[Chapter 3](#): II. **Ordering geographical space**[Chapter 4](#): III. Changing **orthography**[Chapter 5](#): IV. Necessary **technical assistance**

When reading through the following pages, you will come across some unusual terms. These terms are hyperlinked to the UNGEGN [Glossary of Terminology \(pdf\)](#). Behind each term a number (#) is given that corresponds to the numbering applied in this glossary, e.g. [toponymy](#) (#344).

For exercises and documents (and literature) on this topic see respectively the "[Exercises](#)" and/or the "[Documents](#)" section of this module.

The complete module can be downloaded [here](#).
