

Global Gender Statistics Programme 2011-2012

IAEG on Gender Statistics
4-6 October 2011, New York

Minimum set of indicators (as agreed by the IAEG in Manila, October 2010 and requested by UNSC 2011)

- Developing the minimum set of Indicators for Gender Statistics– Work by the IAEG sub-group on Databases and Indicators
- UNSC endorsement of list of indicators
- Next steps:
 - International data compilation of indicators on Tier 1
 - Promoting capacity building activities for indicators in Tier 2
 - Methodological development for indicators in Tier 3

2

Manuals and guidelines (as agreed by the IAEG in New York, December 2006 and requested by UNSC 2011)

- **Gender Statistics Manual**
 - First draft will be completed by end of 2011
 - EGM to review and discuss draft June 2012
- **Violence against women**
 - Guidelines were completed and will be reviewed at EGM in Beirut in November 2011

3

Capacity development activities (as requested by UNSC 2011 as part of the implementation of paragraph 46)

- **Assisting countries in integrating a gender perspective into their national statistical system**
 - Technical assistance
 - Advisory services
 - Training
- **Production and use of audio-visual materials and use of ICT for training**
 - Work can build on existing tools developed by WB, ECE and ECLAC

4

Review of gender statistics programmes (as requested by UNSC as part of implementation of paragraph 50)

- Review coordinated by UNSD and implemented by regional commissions, based on a common questionnaire
- UNSD to compile and produce a synthesis of regional reviews
- UNSD to propose examples of best practices for gender statistics programmes to be agreed by IAEG and used by countries as a reference/guide

5

Strengthen the role of the IAEG-GS (as requested by UNSC 2011)

- Periodically identify gaps, complementarities and areas where the gains and synergies in gender statistics programme activities and outputs can be consolidated
- IAEG-GS to meet annually to review the state of development in the field of gender statistics
 - 6th IAEG Meeting in Amman, Jordan – April 2012
- Global Forum on Gender Statistics be convened biennially as a forum for the sharing of experiences
 - 4th Global Forum on Gender Statistics, Amman, Jordan
- UNSD and IAEG to report back to the Commission on their proposed work plans and strategies to strengthen the global gender statistics programme

6

Donor community to increase funding (as requested by UNSC 2011)

- Additional resources will be required for the gender statistics programme proposed -- donor community to devote adequate resources to this important area

7
