

Updates on Activities in Gender Statistics- Jordan

Gender Statistics Division
Department of Statistics
Jordan

Background

- ❑ The Gender Statistics Division GSD was established in 2005 at the Department of Statistics - Jordan
- ❑ Mission: Gender statistics is a tool used for achieving equity among the two sexes in various fields by introducing preventive change and rationalization of intervention where necessary in order to guarantee the efficient contribution of women in sustainable development.
- ❑ The Gender Statistics Division GSD functions under the supervision of the Population and Social Statistics Directorate.

Establishing Jordan Gender Info Database
