

Global Forum on Gender Statistics

Spring 2012, Jordan

IAEG on Gender Statistics
4-6 October 2011, New York

Topics proposed at 2010 IAEG-GS

- Time use surveys
- Care and/or unpaid work
- Valuation of unpaid work
- Adolescents – early marriage, education
- Internally displaced people (IDPs)
- Violence against women (and women in vulnerable situations)
- Trafficking
- Ageing
- Poverty

2

Other ideas...

- Organize the Forum in a life cycle/stage approach
- Using the minimum set, identify indicators which need methodological work and include country examples of best practices
- Emerging issues - include statistics on gender issues not currently collected systematically, such as ICT or political participation

3

Other issues to be presented:

- Review of Statistical Commission outputs and recommendations
- Gender statistics manual
- Results from the global review of national gender statistics programmes
