

# IAEG-GS Advisory Group on Gender Indicators

Marjut Pietiläinen (Chair), 3 December 2020

# Members

- Brazil;
- Finland (Chair);
- Italy;
- Philippines;
- ESCAP;
- ESCWA;
- OECD;
- UNESCO-UIS;
- UNEP;
- UNFPA;
- UNHCR;
- UNICEF;
- UNODC;
- UNSD (Secretariat);
- UN Women;
- World Bank;

# Terms of reference

- Compare the SDG indicators initially identified as gender relevant by the IAEG-GS in the past with those used/promoted by UN Women
  - This is also the opportunity to incorporate any changes made through the revision of SDG indicators adopted by the Statistical Commission in 2020
- Identify discrepancies between the two sets (IAEG-GS and UN Women)
- Make a proposal on what to retain/what to change
  - ⇒ The objective of the exercise is to identify a single list of SDG indicators considered gender relevant and promoted by IAEG-GS members.

# Proposed rules to keep/del SDG inds

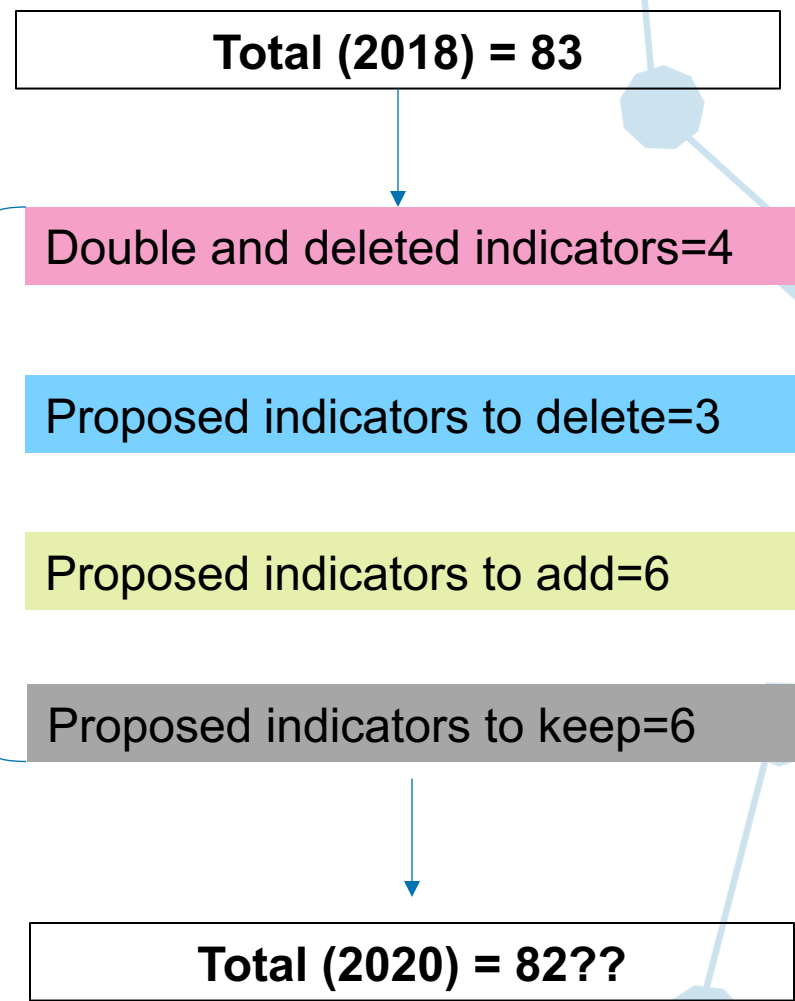

- The review is restricted to indicators within the SDG framework (2020 version).
- The criteria for including indicators is their gender policy relevance.
  - However, after 5 years of SDG implementation, progress in methodological developments (tier III) or lack of, and in data availability (tier II) could be additional criteria the group should consider when including/excluding a gender relevant indicator.

# Gender relevant SDG indicators

under consideration

# Work ahead

- Chair: presents the proposal in the 14<sup>th</sup> IAEG-GS meeting;
- IAEG-GS members: provide feedback on the subset of SDG gender indicators requiring further discussion. In particular, comments from member countries are needed; (by 31 Dec 2020)
- Advisory group: review comments; (by 15 Jan 2021)
- Chair: makes recommendations on final “List of gender relevant SDG indicators”; (by 1 Feb 2021)
