MAKING EVERY WOMAN AND GIRL COUNT

Objectives, activities in 2017 & Planning for 2018

11th Meeting of the Inter-Agency and Expert Group on Gender Statistics, Rome, Italy, 30-31 October 2017
1. **Enabling policy environment:** Putting in place an enabling environment for a gender-responsive localization and effective monitoring of national and international policy commitments;

2. **Data production:** Filling gender data gaps by ensuring that quality and comparable gender statistics are produced regularly; and

3. **Data use:** Ensuring that gender statistics are accessible and used to inform policy and advocacy.

4. **LME:** Learning through monitoring and evaluation about the most cost-effective ways to support capacity building in gender statistics
Implementation of the Gender Statistics FPI at the national, regional and global levels

- Support country level assessments of policies and practices governing the production of gender statistics.
- Provide technical support and capacity building of national statistical offices to produce gender statistics, including gender-related SDGs indicators.
- Support information exchange platforms, including user-producer dialogues on gender statistics and the SDGs.

- Support national teams in implementation and operationalization of the FPI.
- Promote south-south cooperation and sharing of best practices.
- Facilitate regional partnerships to support work on gender statistics.

- Support global monitoring of SDG gender-related Goals and Targets.
- Synthesize and disseminate lessons learned from FPI national and regional activities.
- Improve the quality and comparability of gender statistics, including in areas where global standards do not exist (Tier III indicators in SDGs).
