42,5% (women in rural area)

8.6.1 Proportion of youth (aged 15-24 years) not in education, employment or training, by sex

Challenges – Goal 5

5.3 Eliminate all harmful practices, such as child, early and forced marriage and female genital mutilation

- There are still indigenous communities that practice female genital mutilation

5.A (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure

- In Colombia there is no information about agricultural population with ownership over land

General Challenges

Increase the use of administrative records

Intersectionality

Coordination with other actors

In order to *achieve gender equality and empower all women and girls* it is enough the disaggregation of statistics between both sexes?
