

Group 1

Group discussion of UN NQAF

Coordinating the national statistical system

1.1	A statistical law establishes the responsibilities of the members of the national statistical system including its coordination. Its members are identified in a legal or formal provision.	Full compliance
1.2	There are a body and mechanisms for the coordination of the national statistical system for activities at the local, national, regional and international level.	Full compliance
1.3	There is a mechanism for considering statistics produced outside the national statistical system, and if appropriate, for these statistics to become official.	Partial/No compliance
1.4	There is a national plan or program for the development and production of official statistics.	Full compliance

Managing relationships with data users, data providers and other stakeholders

2.1	Stakeholders are identified and consulted regarding their interests, needs and obligations.	Full compliance
2.2	The statistical agencies have a strategy and institutional arrangements to engage with their users.	Full compliance
2.3	The statistical agencies continuously maintain and develop cooperation with funding agencies, academic institutions and international statistical organizations, as appropriate.	Full compliance
2.4	The national statistical office and, if appropriate, other statistical agencies have the legal authority or some other formal provision to collect data for the development, production and dissemination of official statistics.	Full compliance
2.5	The national statistical office and, if appropriate, other statistical agencies have the legal authority or some other formal provision to obtain administrative data and adequate access to these data from other government agencies for statistical purposes.	Full compliance
2.6	The national statistical office and, if appropriate, other statistical agencies have the legal authority or some other formal provision and related agreements to access and use data (including “big data”) maintained by private corporations or other non-governmental organizations for statistical purposes on a regular basis, including for testing and experimentation.	Partial compliance
2.7	The national statistical office cooperates with and provides support and guidance to data providers.	Partial compliance

Managing statistical standards

3.1	The statistical agencies cooperate in the development and implementation of international, regional and national statistical standards.	Full compliance
3.2	The national statistical office provides support and guidance to all data providers and producers of official statistics in the implementation of statistical standards.	Partial compliance
3.3	Divergences from the international, regional or national statistical standards are kept to a minimum, documented and explained to all stakeholders.	Partial compliance

Thank you!
