

National Quality Assurance Framework

Group No. 3

1. Overview of national practices

- Azerbaijan
- Georgia
- Montenegro
- Turkey
- Serbia

Managing statistical processes

	Azerbaijan	Georgia	Montenegro	Turkey	Serbia
1. Digital strategy	The state program for the development of official statistics 2018-2025. Part of that Program is included digital strategy.	The Strategy for the Development of the NSS for 2020-2023 year	Development Strategy – Goal 7 (Development of dissemination and communication of data in accordance with the needs of the digital society) Strategy of Development of information society – Ministry of public administration	Have IT strategy plan. This plan provide us to adopt changing technology. On one hand we have to improve our capacity. On the other hand we have to change and larger database system. Also, there is a IT security dimension. Because the more data compile, the more security will be needed for data	Digital agenda which include two strategies: <ol style="list-style-type: none"> 1. Strategy for IT society 2. Strategy electronic communications

	Azerbaijan	Georgia	Montenegro	Turkey	Serbia
A)	No	Resources	We are thinking about certifying, but there is needed financial resources which we do not have for now	No	Do labeling (Plan and Programme of official statistics)
B)	No	Amamndment in Law		No	Do labeling (Plan and Programme of official statistics)
C)	No	Consent of other members of the NSS	Education statisticians as scientists working with data „Taking into account the level of digitization of society, as well as the "data revolution"key challenge is creation of a new generation of statisticians as "scientists working with data"	No	Twofold role. As curator and steward (depending on statistical producer)
D)	Law on official Statistics is in improving stage. And it may be new activities will include to new statistical law	No	Applying CoP principle 14 – Coherence and Comparability official statistic should be consistent with standards, clasifications, definitions, methods etc.	Taking on the role of as data steward that is a challenge for us. But it will good chance for NSO. We will change from only statistical organization to statistical assesment and regulation authority. This is opportunity for us	Twofold role. As curator and steward (depending on statistical producer)

Thank you!
