**Date:** December 6, 2005

**Ref.:** Principle Governing International Statistical Activities

Dear Mr. Cheung,

Reference is made to your communication of 25 October on the above-mentioned subject. After consultation with the Executive Secretary of ECLAC, I am pleased to subscribe, in my capacity as Director of the Statistics and Economic Projections Division, to the Principles Governing International Statistical Activities.

I am convinced that this Declaration will be well received by the members of the Statistical Conference of the Americas, who already adopted the UN Fundamental Principles of Official Statistics as one of the strategic references of the Conference.

Yours sincerely,

  
Hubert Escaith, Director  
Statistics and Economic Projections Division  
ECLAC
