

## **SNA/ISIC aggregations for SNA data reporting**

### **Summary conclusion**

#### ***Questions***

1. Two questions were put to the members of the AEG:
  - (a) Do you agree that the proposed top-top aggregation can be accepted for SNA data reporting?
  - (b) Do you agree that the proposed intermediate aggregation (A\*38) can be accepted for SNA data reporting?
2. The AEG members participating in the e-discussion overwhelmingly supported the proposed top 10 and A\*38 aggregations for SNA data reporting.

#### ***Outcome***

3. The AEG noted the recommendations agreed to in the e-discussion.
