# Implementation strategy for the 2025 SNA/BPM7

- Previous versions of the strategy were discussed at the October 2023 and July 2024 AEG meetings
- This updated version of the strategy is now a **joint 2025 SNA/BPM7 strategy**
  - The IMF BPM Update Team have been significantly involved in the preparation of the updated version
  - The general structure of the strategy is similar to that in previous versions; however more detail has been added
  - Also, two appendixes have been added:
    - Appendix A – Model high-level 2025 SNA/BPM7 implementation plan for countries
    - Appendix B – High-level plan for international organizations to support 2025 SNA/BPM7 implementation

# Implementation strategy for the 2025 SNA/BPM7

- This strategy will also be discussed at the upcoming BOPCOM meeting.
- Following the AEG and BOPCOM meetings, the strategy will be updated and a **global consultation conducted**
- The strategy will then be finalised for submission to the 2025 UNSC meeting for its endorsement along with the approval of the 2025 SNA
- It will also be submitted to the IMF's Chief Statistician for his endorsement in association with his responsibility for approving BPM7

2. Do AEG Members have any comments on the **various elements** of the strategy
3. Do AEG Members agree with the **proposed high-level plans** for both countries and international organization for implementation?
4. Do AEG Members have **any other reactions** on the proposed implementation strategy?
