

# ARAB CONFERENCE ON TRANSFORMATIVE AGENDA FOR OFFICIAL STATISTICS

IN RESPONSE TO SDGS BEYOND 2015

ANKARA 4-7/4/2016

**Towards Building An Integrated Regional  
Training Program 2017-2019**

**Abdelaziz Maalmi**

# **ARAB CONFERENCE ON TRANSFORMATIVE AGENDA FOR OFFICIAL STATISTICS**

**IN RESPONSE TO SDGS BEYOND 2015**

**ANKARA 4-7/4/2016**

**Towards Building An Integrated Regional  
Training Program 2017-2019**

**Abdelaziz Maalmi**

# Capacity Building in Official Statistics

## 1. Basic Building

- Professional Bachelor Degree;
- Specialized Master Degree (all related fields) or equivalent.

 Agreement between the NSO and one university

# Capacity Building in Official Statistics

## 2. Continuous Building

### Capacity building in support of professional practice

- ❑ In class or e-learning training through local, regional or international programs;
- ❑ Individual training through study (or observation) visits to look at advanced experiences.

# Capacity Building in Official Statistics

## 3. Objectives

- To keep up with development in official statistics at the international level through regional and international training.
- To bridge the technical gaps while taking into account the particularities of countries through local training, study visits and consultations.

# **AITRS Five-year Regional Training Plan 2014-2018**

## **1. Components of Technical Programs**

- ❑ Annual High Diploma Program;**
- ❑ 50 regional workshops with 5-10 days each;**
- ❑ 10 local training workshops with 5 days each;**
- ❑ 50 study visits for individual training.**

# **AITRS Five-year Regional Training Plan 2014-2018**

## **2. Regional Training Areas**

- Population and Social statistics;**

- Business and Services Statistics and their Relation to administrative Records;**
- Agriculture and Environment Statistics;**
- Methodological Topics;**
- Information and Communication Technology;**
- Administrative Skills.**

# **AITRS Five-year Regional Training Plan 2014-2018**

## **3. Training Method**

- In-class regional training;**
- E-learning regional training through specialized system (started in 2015)**

# Proposed Road Map for Building and Implementing An Integrated Regional Training Program

## 1. Components of the Training Program

- Countries' needs based on SDGs 2030 requirements;
- Practical and applicable suggestions for supporting the capacities of official statistical systems in the area of administrative skills and information and communication technology.

## 2. Method of Program Implementation

- 70% of scheduled workshops for in-class training;
- 30% for e-learning.

# Proposed Road Map for Building and Implementing An Integrated Regional Training Program

## 3. Target Group and Timeline

- ❑ **Target Group: national statistics offices and relevant government offices in the Arab Countries;**
- ❑ **Timeline for program implementation: 2017-2019.**

## 4. Funding Sources

- ❑ **Regional and international organizations and donors interested in supporting the capacity of official statistics;**
- ❑ **The Arab Countries through their contribution to AITRS and based on its regulations.**

# Proposed Road Map for Building and Implementing An Integrated Regional Training Program

## 5. Building and Implementing Mechanism

- ❑ Adopting the organizing committee of this symposium chaired by ESCWA;
- ❑ Presence or virtual committee meeting in October of each year to prepare a training program for the next year;
- ❑ Preparation of an annual report on achievements.

**THANK YOU**
