## Part II: Comments on specific draft paragraphs and sections

All comments on specific draft paragraphs are welcome. They can be about e.g. scope, content and clarity. Proposing a concrete alternative text or table is also possible. For the paragraphs in separate sections, separate forms are used for providing and collecting comments (see below).

### A. Introduction (paragraphs 23.1-23.11 )

General comment	It may be useful to spell out more clearly how non-profit institutions (NPIs) differ from other major institutional units, similar to para. 2.6 of the United Nations <i>Handbook on Non-profit Institutions in the System of National Accounts</i> .

### Part III. Other specific comments

You are welcome to make other specific comments. To assist you in doing so, the following points are provided as a guide to the types of points on which you might wish to comment. Note, though, that you are not restricted to commenting on only these points.

1. Is the scope and purpose of the satellite account clear?
2. Are the three alternative valuations of output of NPIs in the satellite account clear?
3. Are there any other issues that should be added to section D?

*Specific comments:*

Specific comments	<p>The use of physical indicators in measuring NPI output may be briefly discussed.</p> <p>Measurement of volunteer labour inputs remains an issue in compiling NPI satellite account which is worth a discussion.</p>
