Part I: General comments

In the space below, please provide any general comments. This may cover e.g. the structure of the chapter, issues missing and (lack of) consistency with other chapters of the 2008 SNA.

General comments:

General comment	It may be a bit repetitive to define units, residence and other terms again in Volume 2 Chapter 26 as they are already described in Volume 1 Chapter 4. Referrals to Volume 1 or BPM6 may just be adequate.

You are welcome to make other specific comments. To assist you in doing so, the following points are provided as a guide to the types of points on which you might wish to comment. Note, though, that you are not restricted to commenting on only these points.

1. Is the consistency between BPM6 and the SNA sufficiently emphasised?
2. Is the description of the functional classification in BPM6 useful and clear to non balance of payments specialists?
3. Are tables 26.1 and 26.2 helpful?
