**Part I: General comments**

In the space below, please provide any general comments, such as about the clarity with which the new recommendations were incorporated (30 words or less).

*Comment:*

<p>Eurostat supports the text of this chapter. However, we think that some of the general and theoretical considerations in chapter 26 (e.g. those elements taken from parts E and F of the financial account chapter in present SNA) should also be included in chapter 11.</p> <p>We agree both with the amended classification of financial assets and liabilities and list of sub-sectors of the financial corporation sector.</p>

**Part II: Comments on specific draft paragraphs or passages**

In your review of draft chapter 26, you may wish to devote particular attention to the passages listed below. There is space after each issue for any comment you wish to make.

1. Do you like the idea of a chapter showing the link to monetary and financial accounts? If so, does this chapter cover sufficient material to facilitate the link?

*Comment:*

Sufficient material is presented here to facilitate the link to monetary and financial statistics but as said above we think that it should be part of the financial account.

2. Would you like to see the details on financial sub-sectors in this chapter or in chapter 4 on Institutional Units and Sectors?

*Comment:*

In our opinion, the details on financial sub-sectors should rather be presented in chapter 4 on Institutional Units and Sectors.
