Statistical Commission
Forty-fifth session
4-7 March 2014
Item 3 (i) of the provisional agenda*
Items for discussion and decision: disability statistics

Report of the Washington Group on Disability Statistics

Note by the Secretary-General

Corrigendum
Paragraph 1

The first sentence should read

At the International Seminar on the Measurement of Disability, held in New York from 4 to 6 June 2001, it was recommended that principles and standard forms for indicators of disability be developed for use in censuses.
