## GENERAL INFORMATION

### Immigration Requirements

Participants should contact relevant United States of America embassies or consulates on visa requirements, and obtain the appropriate entry permit where necessary as early as possible.

The official notification letter is generally sufficient to be used as supporting documentation for visa (entry permit) request. Please contact us, should there be any issues with obtaining visa for the purpose of attending this event.

### Money

The majority of ATMs (Automated Teller Machines) networks in New York City are linked to a network that most likely includes your bank at home. Hence, you would be able to make a cash withdrawal if you have a cash card (ATM Card) that offers **Cirrus** (<http://www.mastercard.com/atmlocator/index.jsp>) or **Plus** ([www.visa.com/atm](http://www.visa.com/atm)), the 2 most popular networks. There are fees and daily limits associated with withdrawing money using the above networks. Please check with your bank at home for this information.

Traveller's cheques are another good and safe alternative. Be sure to keep a record of their serial numbers, so you are ensured a refund in case they are lost or stolen. The 3 most popular traveller's cheque providers are **American Express** (American Express branches, [www.americanexpress.com](http://www.americanexpress.com)), **Visa** (Citibank branches), **MasterCard** (Thomas Cook Currency Services).

Credit Cards are a convenient way to pay for transactions. **American Express**, **Visa** and **Master Card** (among others) are accepted virtually everywhere in New York.

## **Hotels**

**Arrangements for hotels need to be made by individual participants (or their Mission) at hotels of their own choice. A list of hotel in the vicinity of the UN is provided below.**

Please note that a credit card is normally required to make a reservation, participants should plan accordingly.

Participants can contact hotels directly and make reservations. Participants can also contact your country's Mission to the United Nations which may be able to assist you (contact details for missions can be found at <http://www.un.org/en/members/>). Participants should make the necessary reservations at least one week prior to the event.

Below is the list of hotels located in the vicinity of the United Nations.

## LOCAL TRANSPORTATION

**Subway and buses** (<http://www.mta.info/>) are a convenient way to get around Manhattan. **Metro Card** valid for subway and bus can be purchased at subway stations.

- Single: trip fare is \$2.50.
- 7-Day Metro Card costs \$29.00 (unlimited ride for one week for one person)

**Yellow Cab Taxis** are readily available around Manhattan. Taxis are a safe alternative for late night travel when train and buses can be few and far between. It is advisable not to take taxis without meters (illegal taxi), as they could charge exorbitant fares. Taxi fees can be paid in cash or credit card, however, if paying in cash, it is a good idea to have small bills because taxi drivers usually cannot change anything higher than \$20. While taxis are relatively expensive for a single person, they are more affordable with 3 or more riders. The rates for taxis are as follows:

Initial fare.....	\$2.50
Each 1/5 mile (4 blocks)....	\$0.50
Each 1 minute idle.....	\$0.40
Night surcharge.....	\$0.50 (after 8:00 p.m. until 6:00 a.m.)
Additional riders.....	FREE

Pay only what's on the meter, plus a 15-20 per cent gratuity. On all trips within New York City, any bridge and tunnel tolls to the destination shall be paid by the passenger, who shall be so informed before the start of the trip. On all trips within the City of New York, return tolls shall not be charged except for trips over the Cross Bay Veterans, Marine Parkway-Gil Hodges Memorial, and Verrazano Narrows Bridges. On trips beyond the City of New York, all necessary tolls to and from the destination shall be paid by the passenger. There are additional charges for crossings outside the metropolitan area and New Jersey. Passengers are required to pay one way.

This is achieved by electing the Bureau for a period of one year and re-electing those members of the Bureau who continue to be representatives to the Commission at the following session. The Bureau is elected on the basis of the principle of equitable geographical distribution: a member of the Bureau is elected from each of the regions represented on the Commission.

The items on the provisional agenda and the corresponding documentation were proposed by the Commission at its forty-fourth session (New York, 26 February-1 March 2013)<sup>1</sup> and were adopted by the Economic and Social Council in its decision 2013/235. The Bureau of the Commission has subsequently approved some changes. The proposed draft organization of work for the session is also before the Commission. The Commission may wish to adopt the agenda and organization of work for its forty-fifth session.

**(n) Regional statistical development**

The Commission will have before it a report prepared by the Economic and Social Commission for Asia and the Pacific (ESCAP).

The report reflects on, from a regional perspective, the role of statistics in the context of the formulation of the post-2015 development agenda. Anticipated data needs required for achieving and monitoring progress towards the post-2015 development goals and related opportunities and challenges for national statistical systems are discussed. The report considers the role of regional cooperation and regional approaches to post-2015 development agenda formulation and implementation, and presents the example of the Asia-Pacific region. Efforts in recent years to strengthen regional intergovernmental frameworks and collaboration on statistics development are outlined, as are examples of ESCAP member States taking the lead in global discussions.

The report calls for the inclusion of statistics development as a goal in the post-2015 development agenda and outlines elements of a framework for achieving a post-2015 goal on statistics development.

The Commission may wish to comment on the call for the inclusion of statistics development as a goal in a post-2015 development agenda and consider related implications for statistics development and the statistical community. The Commission may also wish to provide advice on the role of regional cooperation and regional approaches in that regard.

##### **(b) Human settlement statistics**

The Commission will have before it the note of the Secretary-General transmitting the report of the United Nations Human Settlements Programme (UN-Habitat) on human settlement statistics. The report describes the operational methodology of collecting data on security of tenure and recommends it for use by national statistical systems. UN-Habitat is receiving a grant from the United Nations Disaster Assessment and Coordination Team to build capacity in countries and cities, and observations using this method are being implemented in 25 cities around the world through Urban Inequities Surveys. The Commission is invited to take note of the report.

5. The Commission submits a report on each session to the Economic and Social Council. The report contains an account of the Commission's proceedings and the action taken on each agenda item.

The Commission may submit to the Council, in the form of draft resolutions, recommendations to States Members of the United Nations, the Secretary-General or the specialized agencies. Any financial implications of the draft resolutions must be brought to the attention of the Commission and the Council before being adopted and must subsequently be approved by the organs of the United Nations having the necessary authority.

Membership

6. The Commission consists of one member from each of 24 member countries of the United Nations elected by the United Nations Economic and Social Council on the basis of an equitable geographical distribution according to the following pattern:

- (a) Five members from African States;
- (b) Four members from Asian States;
- (c) Four members from Eastern European States;
- (d) Four members from Latin American and Caribbean States;
- (e) Seven members from Western European and other States.

7. See Annex II for current membership of the Commission.

Term of office

8. The term of office of members is four years.

### Frequency of meetings

9. In July 1999 the Economic and Social Council decided that the Commission should meet annually for four days each session, starting in the year 2000.

### Officers of the Commission

10. The officers are the Chairman, 3 Vice-chairmen and the Rapporteur; they are also referred to as the Bureau. In between sessions of the Commission, members of the Commission, the Bureau and the Secretariat consult on the election of the Bureau for the upcoming session. A Bureau is elected for a one year period with the expectation that they will be re-elected to a second one year term if available. Nominations are made by member(s) of the Commission. Elections are held at the beginning of a session. In practice elections have been by acclamation. At its thirtieth session the Commission decided to give the officers of the Commission (if necessary complemented by any others whose participation is deemed useful by the Chairman) more of a steering role.

### Secretariat support and other participants

11. The sessions of the Statistical Commission are substantively serviced by the United Nations Statistics Division (UNSD) and attended by the regional commissions, other United Nations organizations, specialized agencies and related organizations, and non-United Nations international organizations active in international statistical work.

### Dates of the meeting and notification to countries

12. Dates for the sessions of the Commission are proposed by the Commission. The dates are fixed by the Economic and Social Council. The session must be held eight weeks before the Economic and Social Council session which will consider the report of the Commission; the Secretariat normally proposes dates to the Commission taking account of this requirement and of the availability of conference servicing facilities. The Secretariat notifies the permanent mission of each of the member countries of the Commission of the dates, and invites them to notify the Secretariat who their representative (and any other delegation members) will be.

### The agenda and documentation of the Commission

13. Prior to each session of the Commission, the Secretariat prepares a list of items that have previously been established for consideration by the Commission at that session; the list may be based on requests of the Commission at previous sessions, or of other intergovernmental bodies such as the General Assembly and

Economic and Social Council and reflect the multi-year programme of work that the Commission develops. During each session the Commission may decide to add additional items to the agenda, based on documentation and discussion at the session, and priorities or problems. At the end of each session the Secretariat provides an updated list reflecting all the decisions and requests, and on the basis of that list, the Commission proposes to the Economic and Social Council, the provisional agenda and documentation for the next session (subject to further review by the Commission's Bureau). The Economic and Social Council considers the proposal at its substantive session (June/July immediately following the Commission session) and approves it. It is finalized, and after review by the Bureau, distributed by the Secretariat in advance of the Commission session. Documentation may be requested by the Commission, from the Secretariat, other United Nations bodies or specialized agencies, intergovernmental organizations or non-governmental organizations active in statistical work, a country or an ad hoc group of countries/organizations.

14. Documents are limited to 16 pages in length and where possible are well below this limit. They are to be concise and action oriented. They are made available in the six official languages of the Commission (Arabic, Chinese, English, French, Russian and Spanish). They are to be issued well in advance of the session. Documents are made available on the UNSD Home Page at <http://unstats.un.org/unsd/statcom/commission.htm>; they are also distributed by airmail/diplomatic pouch.

15. Background documents are also frequently available to the Commission. These contain information from participants and the Secretariat which are of potential interest to the Commission. These documents require clearance by the Secretary of the Commission prior to distribution and adequate copies must be made available by the authors. They can be in any official language(s) and will be circulated only in the language(s) provided by the author. Limited photocopy support can be offered by the Secretariat. The provision of information in the form of documents or background papers is preferred by the Commission in place of lengthy oral statements.

#### Kinds of interventions that are made

16. Members and observers are encouraged to participate fully in the deliberations of the Commission. The Commission has increasingly called for more focused, issue-oriented and succinct interventions by those participating in the discussions. It has also emphasized that detailed expositions of methodology or the reporting of routine activities should not be presented orally but rather be made available as written material as background documents which can be made available to participants.

Travel arrangements; air ticket; schedule of sessions; Conference room; admission to the United Nations building

17. Travel, but not subsistence/hotel expenses, for one representative of each member state of the Commission is paid for by the United Nations according to normal United Nations travel standards. Representatives may make their own travel arrangements and claim re-imbursement from the United Nations.<sup>3</sup> Alternatively, the United Nations is prepared, upon request, to make the necessary arrangements for issuance and payment of the travel tickets. In those cases, Permanent Missions are requested to provide to the Secretariat an address and the telephone number where the representative can be contacted.

18. The first meeting of the Commission sessions normally starts on a Tuesday, at 10:30 a.m. On subsequent days the meetings start at 10:00 a.m. Normally two sessions are held each day; 10:00 a.m. to 1:00 p.m. and 3:00 p.m. to 6:00 p.m. The conference room number where the meetings will be held is available near the entrance to the United Nations Headquarters. Grounds passes for admission to the United Nations building are organized by the Mission of each country to the United Nations.

---

<sup>3</sup> Travel claims should be submitted using the reimbursement voucher for official travel of representatives of member states (F.56) duly filled in and accompanied by the used air ticket stubs/passenger receipt, boarding passes, and some form of proof of payment for ticket i.e. cancelled cheque, credit card receipt/statement etc.

## Annex I

### Some notes on the terms of reference of the Statistical Commission

In formulating the terms of reference, the nuclear Commission had certain concepts in mind, as indicated in the following excerpt from its report:

"(a) Promoting the development of national statistics and the improvement of their comparability.

"This task will be performed in close collaboration with the statistical unit of the United Nations Secretariat. It is a continuing function which requires constant attention ... The Commission should be in a position to advise national governments and the Secretariat on problems which will arise ... The Commission may also establish committees or sub-commissions in various statistical fields.

"(b) Coordination of the Statistical work of specialized agencies.

"The Commission should advise the Council concerning agreements to be reached with the specialized agencies defining their respective areas of statistical activity ... The coordination process is an operating function to be performed by the Secretariat within the framework established by recommendations of the Commission.

"Initially, the Commission contemplates the adoption of a general plan which will recognize the primary statistical interests of each specialized agency. The collection by the latter of data in its primary field must be without prejudice, however, to the right of the United Nations to concern itself with statistics in the same subject area so far as they may be essential for its own purposes or for the instances, when the data are basic to the work of several specialized agencies, provision should be made for their collection centrally by the statistical unit of the Secretariat ... To facilitate cooperative arrangements among the specialized agencies and the Secretariat, the Commission recommends the establishment of a Statistical Coordinating Committee ...

"(c) Development of the central statistical services of the Secretariat.

"It is important that there be one focal point for statistical activities in the Secretariat. The Commission is in accord with the recommendations of the Preparatory Commission that the statistical work of the constituent organs of the United Nations be centralized in a statistical unit in

the Department of Economic Affairs, which would also undertake work for the other Departments of the Secretariat ...

"(d) Advising the organs of the United Nations on general questions relating to the collection, interpretation and dissemination of statistical information.

"This function implies that the Statistical Commission will serve as a technical advisory body, not only to the Economic and Social Council and the statistical unit of the Secretariat, but also all organs of the United Nations ...

"(e) Promoting the improvement of statistics and statistical methods generally.

"This function is very broad and should cover adequately any work which the Commission may undertake through the promotion of uniform standards as to kinds of data to be collected, the methods of their collection, and their form of presentation. This will be accomplished in part through the work of committees or sub-commissions to be designated for particular fields as the needs arise. Improvement will also be accomplished through the current work of the Secretariat in its dealings with national governments on statistical matters.

It is essential that the Commission and the Secretariat play an active role in promoting continuously the adoption and use of the most valid and reliable statistics and statistical methods ... To further this end, the Commission recognizes the need to provide opportunities for ... education and training in statistics."

meeting of the commission, direct the discussions, ensure observance of these rules, accord the right to speak, put questions to the vote and announce decisions. The Chairman, subject to these rules, shall have complete control of the proceedings of the commission and over the maintenance of order at its meetings. He shall rule on points of order. He may propose to the commission the closure of the list of speakers, a limitation on the time to be allowed to speakers and on the number of times the representative of each member may speak on an item, the adjournment or closure of the debate, and the suspension or adjournment of a meeting.

2. The Chairman, in the exercise of his functions, remains under the authority of the commission.

*Points of order*

**Rule 42**

1. During the discussion of any matter, a representative may at any time raise a point of order, which shall be decided immediately by the Chairman in accordance with these rules. A representative may appeal against the ruling of the Chairman. The appeal shall be immediately put to the vote, and the ruling of the Chairman shall stand unless overruled by a majority of the members present and voting.

2. A representative may not, in raising a point of order, speak on the substance of the matter under discussion.

*Speeches*

**Rule 43**

1. No one may address the commission without having previously obtained the permission of the Chairman. Subject to rules 42, 45 and 48 to 50, the Chairman shall call upon speakers in the order in which they signify their desire to speak.

2. Debate shall be confined to the question before the commission and the Chairman may call a speaker to order if his remarks are not relevant to the subject under discussion.

3. The commission may limit the time allowed to speakers and the number of times the representative of each member may speak on any question; permission to speak on a motion to set such limits shall be accorded only to two representatives favouring and to two opposing such limits, after which the motion shall be put to the vote immediately. Interventions on procedural questions shall not exceed five minutes unless the commission decides otherwise. When debate is limited and a speaker exceeds the allotted time, the Chairman shall call him to order without delay.

*Closing of list of speakers*

**Rule 44**

During the course of a debate the Chairman may announce the list of speakers and, with the consent of the commission, declare the list closed. When there are no more speakers, the Chairman shall, with the consent of the commission, declare the debate closed. Such closure shall have the same effect as closure by decision of the commission.

*Right of reply*

**Rule 45**

The right of reply shall be accorded by the Chairman to the representative of any member who requests it. Representatives should attempt, in exercising this right, to be as brief as possible and preferably to deliver their statements at the end of the meeting at which this right is requested.

*Congratulations*

**Rule 46**

Congratulations to the newly elected officers shall be expressed only by the outgoing Chairman or a member of his delegation, or by a representative designated by the outgoing Chairman.

*Condolences*

**Rule 47**

Condolences shall be expressed solely by the Chairman on behalf of all members. The Chairman, with the agreement of the commission, may dispatch a message on behalf of all members of the commission.

*Suspension or adjournment of the meeting*

**Rule 48**

During the discussion of any matter, a representative may at any time move the suspension or the adjournment of the meeting. No discussion on such motions shall be permitted, and they shall be put to the vote immediately.

*Adjournment of debate*

**Rule 49**

A representative may at any time move the adjournment of the debate on the item under discussion. Permission to speak on the motion shall be accorded only to two representatives favouring and to two opposing the adjournment, after which the motion shall be put to the vote immediately.

*Closure of debate*

**Rule 50**

A representative may at any time move the closure of the debate on the item under discussion, whether or not any other representative has signified his wish to speak. Permission to speak on the motion shall be accorded only to two representatives opposing the closure, after which the motion shall be put to the vote immediately.

*Order of motions*

**Rule 51**

Subject to rule 42, the motions indicated below shall have precedence in the following order over all proposals or other motions before the meeting:

- (a) To suspend the meeting;
- (b) To adjourn the meeting;
- (c) To adjourn the debate on the item under discussion;
- (d) To close the debate on the item under discussion.

*Submission of proposals and substantive amendments*

**Rule 52**

Proposals and substantive amendments shall normally be submitted in writing to the Secretary-General. Unless the commission decides otherwise, proposals and substantive amendments shall be discussed or put to the vote no earlier than twenty-four hours after copies have been circulated to all members.

*Withdrawal of proposals and motions*

**Rule 53**

A proposal or a motion may be withdrawn by its sponsor at any time before voting on it has commenced, provided that it has not been amended. A proposal or a motion thus withdrawn may be reintroduced by any representative.

*Decisions on competence*

**Rule 54**

A motion calling for a decision on the competence of the commission to adopt a proposal submitted to it shall be put to the vote before a vote is taken on the proposal in question.

*Reconsideration of proposals*

**Rule 55**

When a proposal has been adopted or rejected, it may not be reconsidered at the same session unless the commission so decides. Permission to speak on a motion to reconsider shall be accorded only to two representatives opposing the motion, after which it shall be put to the vote immediately.

XI. VOTING AND ELECTIONS

*Voting rights*

**Rule 56**

Each member of the commission shall have one vote.

*Request for a vote*

**Rule 57**

A proposal or motion before the commission for decision shall be voted upon if any member so requests. When no member requests a vote, the commission may adopt proposals or motions without a vote.

*Majority required*

**Rule 58**

1. Except as provided in rule 5(4) (ii), decisions of the commission shall be made by a majority of the members present and voting.
2. For the purpose of these rules, the phrase "members present and voting" means members casting an affirmative or negative vote. Members which abstain from voting are considered as not voting.

*Method of voting*

**Rule 59**

1. Except as provided in rule 66, the commission shall normally vote by show of hands, except that a representative may request a roll-call which shall be taken in the English alphabetical order of the names of the States represented on the commission, beginning with the State whose name is drawn by lot by the Chairman. The name of each member shall be called in all roll-calls, and its representative shall reply "yes", "no" or "abstention".
2. The vote of each member participating in any roll-call shall be inserted in the record.

*Explanation of vote*

**Rule 60**

Representatives may make brief statements consisting solely of explanation of their votes, before the voting has commenced or after the voting has been completed. The representative of a member sponsoring a proposal or motion shall not speak in explanation of vote thereon, except if it has been amended.

*Conduct during voting*

**Rule 61**

After the Chairman has announced the commencement of voting, no representative may interrupt the voting except on a point of order in connection with the actual process of voting.

*Division of proposals and amendments*

**Rule 62**

Parts of a proposal or an amendment shall be voted on separately if a representative requests that the proposal be divided. Those parts of the proposal or the amendment which have been approved shall then be put to the vote as a whole; if all the operative parts of a proposal or an amendment have been rejected, the proposal or amendment shall be considered to have been rejected as a whole.

*Amendments*

**Rule 63**

An amendment is a proposal that does no more than add to, delete from or revise part of another proposal.

*Order of voting on amendments*

**Rule 64**

When an amendment is moved to a proposal, the amendment shall be voted on first. When two or more amendments are moved to a proposal, the amendment furthest removed in substance from the original proposal shall be voted on first and then the amendment next furthest removed therefrom and so on until all the amendments have been put to the vote. Where, however, the adoption of one amendment necessarily implies the rejection of another amendment, the latter shall not be put to the vote. If one or more amendments are adopted, the amended proposal shall then be voted on.

*Order of voting on proposals*

**Rule 65**

1. If two or more proposals, other than amendments, relate to the same question, they shall, unless the commission decides otherwise, be voted on in the order in which they were submitted. The commission may, after each vote on a proposal, decide whether to vote on the next proposal.

2. A motion requiring that no decision be taken on a proposal shall have priority over that proposal.

*Elections*

**Rule 66**

All elections shall be held by secret ballot, unless, in the absence of any objection, the commission decides to proceed without taking a ballot on an agreed candidate or slate.

**Rule 67**

1. When one or more elective places are to be filled at one time under the same conditions, those candidates, in a number not exceeding the number of such places, obtaining in the first ballot a majority of the votes cast and the largest number of votes, shall be elected.

2. If the number of candidates obtaining such majority is less than the number of places to be filled, additional ballots shall be held to fill the remaining places.

*Equally divided votes*

**Rule 68**

If a vote is equally divided on a matter other than an election, the proposal or motion shall be regarded as rejected.

**XII. PARTICIPATION OF NON-MEMBERS OF THE COMMISSION**

*Participation of non-Member States*

**Rule 69**

1. The commission shall invite any Member of the United Nations that is not a member of the commission, and any other State,<sup>6</sup> to participate in its deliberations on any matter of particular concern to that State.

<sup>6</sup> It is the understanding of the Economic and Social Council that a commission, in discharging its functions under this rule, will follow the practice of the General Assembly in implementing an all States clause, and that in all cases where it is advisable it will request the opinion of the Council before taking appropriate decisions.

2. A subsidiary organ of the commission shall invite any State<sup>6</sup> that is not one of its own members<sup>7</sup> to participate in its deliberations on any matter of particular concern to that State.

3. A State thus invited shall not have the right to vote, but may submit proposals which may be put to the vote on request of any member of the commission or of the subsidiary organ concerned.

*Participation of national liberation movements*

**Rule 70**

The commission may invite any national liberation movement recognized by or in accordance with resolutions of the General Assembly to participate, without the right to vote, in its deliberations on any matter of particular concern to that movement.

*Participation of and consultation with specialized agencies<sup>8</sup>*

**Rule 71**

In accordance with the agreements concluded between the United Nations and the specialized agencies, the specialized agencies shall be entitled:

(a) To be represented at meetings of the commission and its subsidiary organs;

(b) To participate, without the right to vote, through their representatives, in deliberations with respect to items of concern to them and to submit proposals regarding such items, which may be put to the vote at the request of any member of the commission or of the subsidiary organ concerned.

**Rule 72**

Before the Secretary-General places an item proposed by a specialized agency on the provisional agenda, he shall carry out with the agency concerned such preliminary consultation as may be necessary.

**Rule 73**

1. Where an item proposed for inclusion in the provisional agenda for a session or added to the agenda under rule 5 contains a proposal for new activities to be undertaken by the United Nations relating to matters that are of direct concern to one or more specialized agencies, the Secretary-General shall enter into consultation with the agencies concerned and report to the commission on the means of achieving a co-ordinated use of the resources of the respective agencies.

<sup>7</sup>The expression "that is not one of its own members" does not apply to subsidiary organs composed of experts serving in their individual capacity.

<sup>8</sup>See footnote 2.

2. When in the course of a meeting of the commission a proposal for new activities to be undertaken by the United Nations relates to matters that are of direct concern to one or more specialized agencies, the Secretary-General shall, after such consultation as may be possible with the representatives of the agencies concerned, draw the attention of the commission to the implications of the proposal.

3. Before deciding on proposals referred to above, the commission shall satisfy itself that adequate consultations have taken place with the agencies concerned.

*Participation of other intergovernmental organizations*

**Rule 74**

Representatives of intergovernmental organizations accorded permanent observer status by the General Assembly and of other intergovernmental organizations designated on a continuing basis by the Council or invited by the commission may participate, without the right to vote, in the deliberations of the commission on questions within the scope of the activities of the organizations.

### XIII. CONSULTATION WITH AND REPRESENTATION OF NON-GOVERNMENTAL ORGANIZATIONS

*Representation*

**Rule 75**

Non-governmental organizations in category I or II may designate authorized representatives to sit as observers at public meetings of the commission and its subsidiary organs. Those on the Roster may have representatives present at such meetings when matters within their field of competence are being discussed.

*Consultation*

**Rule 76**

1. The commission may consult with organizations in category I or II either directly or through a committee or committees established for the purpose. In all cases, such consultations may be arranged on the invitation of the commission or at the request of the organization.

2. On the recommendation of the Secretary-General and at the request of the commission, organizations on the Roster may also be heard by the commission.

#### XIV. AMENDMENT AND SUSPENSION OF RULES OF PROCEDURE

##### *Method of amendment*

###### **Rule 77**

Only the Council may amend these rules.

##### *Method of suspension*

###### **Rule 78**

A rule of procedure may be temporarily suspended by the commission provided that such suspension shall not be inconsistent with any applicable decisions of the Council and provided that twenty-four hours' notice of the proposal for suspension has been given, which may be waived if no representative objects. Any such suspension shall be limited to a specific purpose and to a period required to achieve that purpose.
