

Are the current NSO business models still relevant?

Genovefa Ružić, SURS
Statistical Office of the
Republic of Slovenia

UNSC 2017 ISI side event

Adaptation to new/changing demands

- (New) data sources
 - Standardization of processes
 - Motivation of staff
 - Additional financial resources - EU grants
- Adaptation should be continuous

(New) data sources

- **Administrative data – long experiences**
 - constant cooperation, agreements
 - helping to develop new sources
- **Big data – active in international projects**
 - building trust (prices, job vacancies)
 - cooperation with the Information Commissioner (mobile phone data)
 - cooperation with the Faculty of Computer and Information Science

Standardization of processes

- Centralization of supporting functions (data collection, dissemination, IT, registers, classifications, etc.)
- Development and/or implementation of standardised IT solutions (e.g. for data editing, e-reporting, seasonal adjustment)

Motivation of staff

- Participation in international expert groups (EU, OECD, UNECE)
- Training

Additional financial resources

- SURS's budget \approx 12 mio EUR
 - 93% national budget
 - 7% EU budget (EU grants) – valuable resources for improvements
