Road Map on statistics for SDGs

- Prepared by CES Steering Group on statistics for SDGs
- Aims to guide the CES work on statistics for SDGs
- Approved by CES and published in 2017
- Translated to Russian and Spanish
- Used by NSOs, Custodian Agencies and others
- Intended as a living document
- Available at:

<https://statswiki.unece.org/display/SFSDG/Statistics+for+SDGs+Home>

Second edition of the RM

- Steering Group has started discussions to update and adjust the RM
- The CES 2018 plenary session and CES Bureau supported the proposal to start preparing a second edition
- General purpose - to reflect the global developments and progress at regional and national levels
