Statement provided by:
National Statistical Committee of the Republic of Belarus

Statement:
(a) We positively assess the work on the revision of the *Handbook on Management and Organization of National Statistical Systems*, especially on the elaboration of new areas such as official statistics framework, quality management, statistical infrastructure, data management;

(b) We support the migration of the *Handbook* from a wiki platform to a web-based resource that will implement the functionalities outlined in the report, as this will increase the usability of the *Handbook*. We draw attention to the importance of hosting the entire *Handbook* on such an interactive web resource that supports the function of its automatic translation into a user language;

(c) We support the publication of Chapter 2, “Overview”, in hard copy and in all official United Nations languages;

(d) We agree with the suggested mechanisms for updating and reviewing the *Handbook* and express interest in participating in a thematic regional conference for countries of Eastern Europe, the Caucasus and Central Asia.
