Statement provided by:
Colombia on behalf of the Latin American countries of ECLAC

Statement:

Supports the revision process carried out and the new edition of the Manual on the management and organization of national statistical systems.

Suggests the inclusion of a section that identifies how NSOs produce information in crisis situations, carrying out case studies of countries that produce information in situations of political crisis, social instability, disasters, etc.

Suggests taking into consideration as members of the advisory group the coordinating countries of the regional working groups, such as those of the Statistical Conference of the Americas, whose topics are related to the contents of the Manual.
