Statement provided by:
Batdavaa Batmunkh, CFA
Chairman
National Statistics Office of Mongolia

Statement:
Mongolia acknowledges and supports the work done by the task teams, including the handbooks, methods, projects and training courses, and to support the creation of a new task team on the acquisition of global private sector data.

Mongolia encourages ITU to advise and encourage all the mobile operators on use of mobile data for official statistics in the support of the Global Working Group on Big Data for Official Statistics.
