<i>Statement:</i>	
4(e) Report of the World Bank on the International Comparison Programme SNZ <ol style="list-style-type: none">1. notes the conclusion of the 2017 cycle and agrees that future ICP cycles will be crucial in assessing the size and structure of the world economy after the pandemic and in tracking progress to recovery; 22. Supports the decision to postponement the 2020 comparison to 2021 owing to the impact of the pandemic on data collection and statistical processes; and3. Will continue incorporate ICP into their regular statistical work programmes
