Towards a Global Standard for Disaster-related Statistics

ORGANIZERS: UNDRR, UNESCAP & UNSD/DESA

ABOUT THE SESSION

This side event will present the perspectives on the state of affairs and prospective pathways of disaster-related statistics. Experiences of country representatives from National Statistics Offices and disaster risk reduction related organizations from the five regions of the world will form the essence of the discussion.

Join us to know more about the newly established global group on disaster-related statistics, the Inter-Agency and Expert Group on Disaster-related Statistics!
