Pakistan Bureau of Statistics, Pakistan

Statement:
Pakistan Bureau of Statistics (PBS) appreciates the efforts of High-level Group for Partnership, Coordination and Capacity Building for the 2030 SDGs Agenda. The UNWDF was a big event during 2021 wherein, the Bern Data Compact, World Bank Global Data Facility launching, and establishing clearing house network for financing data activities, were the major attractions of the session. The next two sessions for UNWDF in China and Colombia during 2023 and 2024 respectively were decided by the members during third UNWDF.

PBS encourage the working of the group and support the HLG-PCC by fully engagement in activities, meetings, and future events for the benefits of the statistical community in the world. The amended ToRs are supported by the PBS for better working in the future.
