

United Nations Statistical Commission

Fifty-third session

Item 3 (a) of the provisional agenda

Items for discussion and decision: data and indicators for the 2030 Agenda for Sustainable Development

Document E/CN.3/2022/3– Work for the review of progress towards the Sustainable Development Goals

Statement provided by:

Central Agency for Public Mobilization and Statistics (CAPMAS)

Arab Republic of Egypt

Statement:

1. Egypt appreciates the efforts and activities undertaken and supports the progress referred to in the report.
2. It supports the "real-time Data " initiative because of its impact to encourage the use of innovative sources, technology and methods in order to simplify the production and dissemination of data related to the SDGs.
3. It supports the Authority's work regarding the use of administrative data for statistical purposes, and we point out that the CAPMAS relies on the data of administrative records collected from data sources of statistical stakeholders in ministries and authorities.
4. Concerning the work of the Inter-Secretariat Working Group on Household Surveys ISWGHS: CAPMAS supports the working group as it conducts a household survey (Household income, expenditure and consumption survey HIECS).
5. Concerning the global network of statistical training institutions: CAPMAS supports the continuation of the work of this network, as it participates in the electronic portals that provide training courses to raise the capabilities of the staff .
6. The agency is in the process of issuing an Atlas of sustainable development to display the data of 25 indicators by governorate.
