

United Nations Statistical Commission

Fifty-third session

Item 3 (a) of the provisional agenda

Items for discussion and decision: data and indicators for the 2030 Agenda for Sustainable Development

Document E/CN.3/2022/3 – Report of the Secretary-General on work for the review of progress towards the Sustainable Development Goals

<i>Statement provided by:</i> Norway	
<i>Statement:</i> Norway commends the Statistics Division of the Department of Economic and Social Affairs for its work on SDGs, including the three initiatives Data for Now, the Collaborative on use of administrative data for statistical purposes and the Global Network of Institutions for Statistical Training (GIST). Statistics Norway has been engaged in the three above mentioned initiatives in 2021 and aim to increase the involvement in 2022.
