

United Nations Statistical Commission

Fifty-third session

Item 3 (a) of the provisional agenda

Items for discussion and decision: data and indicators for the 2030 Agenda for Sustainable Development

Document E/CN.3/2022/3 – Report of the Secretary-General on work for the review of progress towards the Sustainable Development Goals

<i>Statement provided by:</i> Spain	
<i>Statement:</i> Spain appreciates the work carried out by the Statistics Division of the Department of Economic and Social Affairs of the Secretariat in support of the 2030 Agenda. We welcome the development of a toolkit for national statistical offices to use in incorporating citizen-generated data into official statistics, as well as methods for using household survey data to benchmark citizen-generated data, in order to assess its quality and correct the potential biases.
