

United Nations Statistical Commission

Fifty-third session

Item 3 (b) of the provisional agenda

Items for discussion and decision: data stewardship

Document E/CN.3/2022/5 – Report of the Working Group on Data Stewardship

Statement provided by:

Central Agency for Public Mobilization and Statistics (CAPMAS)

Arab Republic of Egypt

Statement:

- Egypt thanks the Working Group for the effort made to prepare the report and agrees to develop recommendations on approaches to data oversight for national statistical offices, as well as to consider how to implement and institutionalize this approach by concluding data-sharing agreements with a focus on privacy.
- Egypt expresses its desire to join the working group on data oversight and supports the progress made in the five work streams defined within the framework of the working group, as well as the revised functions of the working group contained in the items of this report
