Document E/CN.3/2022/11 – Report of United Nations Human Settlements

Programme on human settlements statistics

<i>Statement provided by:</i> Russian Federation	
<i>Statement:</i> <p>We highly appreciate the achievements of UN-Habitat in the field of human settlements statistics. We note that the ongoing work including activities on the global urban monitoring framework initiatives and the mechanism of the New Urban Agenda framework contributes to strengthening regional capacity-building.</p> <p>We take note of the progress made on rolling out the global urban/city definition and the capacity development plan following its earlier endorsement in 2020.</p> <p>We recognize the particular importance of collaboration in the preparation of voluntary reviews at the local level. We express readiness for further cooperation in this area and support the global urban monitoring framework and its further implementation as part of a harmonized global urban United Nations systemwide strategy.</p>
