

United Nations Statistical Commission

Fifty-third session

Item 3 (1) of the provisional agenda

Items for discussion and decision: environmental-economic accounting

Document E/CN.3/2022/16 – Report of the Committee of Experts on Environmental-Economic Accounting

<i>Statement provided by:</i> Russian Federation	
<i>Statement:</i> We commend the program of work of the Committee of Experts on Environmental-Economic Accounting for the period 2022-2025. We support the efforts of the Committee aimed at the implementation of two international statistical standards on Environmental-Economic and Ecosystem Accounting. The Russian Federation appreciates the engagement of the Committee in the SNA update, as well as the International Standard Industry Classification and Central Product Classification updates to ensure that they are consistent with the SEEA objectives. We note the progress made in finalizing the statistical framework for measuring the sustainability of tourism.
