

United Nations Statistical Commission

Fifty-third session

Item 3 (t) of the provisional agenda

Items for discussion and decision: informal economy statistics

Document E/CN.3/2022/24 – Report of the International Labour Organization on informal economy statistics

<i>Statement provided by:</i> Maldives: Maldives Bureau of Statistics	
<i>Statement:</i> Maldives implemented the 19th ICLS which provides for measurement of different forms of work. In light of this Maldives have taken note of the proposed new standard of informality, including the proposal to intergrate all forms work in the proposed framework and the need to ensure coverage of the agriculture sector. Maldives reaffirms its support to the development of the new standards.
