

United Nations Statistical Commission

Fifty-third session

Item 3 (y) of the provisional agenda

Items for discussion and decision: governance, peace and security statistics

Document E/CN.3/2022/29 – Report of the Praia Group on Governance Statistics

<i>Statement provided by:</i> Office of the United Nations High Commissioner for Human Rights (OHCHR)	
<i>Statement:</i> OHCHR: ACKNOWLEDGES and support the work by the Praia Group on Governance Statistics, including its contribution to an initiative coordinated by UNODC, UNDP and OHCHR, to support all Member States in reporting on the survey-based global indicators for Sustainable Development Goal 16. SUPPORTS the workplan of the Praia Group for the period 2020–2025 and its three pillars: methodological work, capacity development and advocacy. REAFFIRMS that it remains committed, as part of the Steering Committee of the Praia Group, to actively contribute to the plan of work of the Praia Group task teams, including the task teams on non-discrimination and equality, and on participation in political and public affairs. OHCHR and UNDP support the task team on non-discrimination and equality, co-chaired by the national statistical offices of Finland and Peru. The work of the task team on developing a short survey module and a guidance document on the collection of administrative data for the production of statistics are fundamental tools for ensuring the implementation and monitoring of relevant policies essential to societies in promoting non-discrimination and equality.
