• Statistics Law,
• Sub-decree of designated official statistics,
• IMTS is compiled and analyzed by country/regions and by products,
• Major data source is collected by customs.
Background

Ministry of Economy and Finance

General Department of Customs and Excise of Cambodia (customs/source data)

Ministry of Planning

National Institute of Statistics (IMTS data)
Data Compilation and Quality

Customs Automation System (ASYCUDA)
Electronic System for processing of Export/Import Customs clearance

EUROTRACE
Data Checking and Validation is processed by NIS

IMTS
- To other agencies
- To ASEANStats
Data Compilation and Quality

Use EUROTRACE to produce Raw Data

COMEXT to produce statistical outputs from EUROTRACE datasets
# Data Compilation and Quality

<table>
<thead>
<tr>
<th><strong>IMTS</strong></th>
<th><strong>Description</strong></th>
</tr>
</thead>
</table>
| Scope of data and Coverage        | - Recording all goods which are added or subtracted from the custom warehouse or industrial economic free zone by entering or leaving its economic territory with custom declaration (SAD). Data are captured by ASYCUDA system from all custom check-points.  
  - Custom value threshold is less than 300 USD |
| Classifications in Data Collection| - 8 digits of AHTN product code  
  - 2 alpha of country code, ISO3166.                                                                                                           |
| Trade system                      | - General                                                                                                                                        |
| Data validation and quality of data | - Eurotrace v3.3.14 (2003-2016 European Commission) applied for validation rules and creditability checks.                                            |
| Valuation of IMTS                 | - FOB values for Export data  
  - CIF values for Import data                                                            |
Cooperation and Technical Assistant

- Technical Support from Technical Cooperation for the EU-ASEAN Capacity Building Project for Monitoring Integration Progress and Statistics (COMPASS)
  - Four Workshops on International Merchandise Trade Statistics
  - On-job Training to use Eurotrace for IMTS compilation
  - Translation of IMTS 2010
- ASEAN Working Group on International Merchandise Trade Statistics
Challenges

• Limited human resource,

• Need more training on IMTS software (eg. Eurotrace),

• Improve collaboration between NIS and GDCE, other institutions,

• Need to compile IMTS by country of consignment, mode of transport.
