Q: What does the *Normal View* mean in UN Comtrade database?

A: *Normal View* pertains to the exclusion of trade data of Taiwan, Province of China. The data is excluded from view for political reasons. Please see related [article](http://unstats.un.org/unsd/tradekb/Knowledgebase/50124/Normal-View-in-UN-Comtrade) for further explanation.

**Sample of query result**

- **Statistics**: 111 rows returned in 0.30 seconds.
