

		A- Activity/other transaction BOP receipts	B-Business expenditure BOP outflows	C-Personal expenditure BOP outflows
1	Non-working non-resident (person travelling for recreation)			
	1a- less than 24 hours 1b – one day or more			Yes
2	Working non-resident			
	2a – Employed (or self- employed) in unit in home country	Contributes to home country GDP, BOP receipts are exports (mainly services)	Yes	Yes (in theory, may be zero in practice)
	2b- Employed by unit in host country i – occasional	Contributes to host country GDP, BOP receipts are compensation of employees		Yes
	ii – border and seasonal workers	Contributes to host country GDP, BOP receipts are compensation of employees		Yes
3	Working resident	Contributes to host country GDP, BOP receipts are Workers’ remittances		
4	Non-working resident	Does not contribute to GDP; BOP receipts are Other current transfers		

BOP

- Change some terminology and present rules?
- Business travel – change to exp on behalf of employer (colB) and on own behalf (C)
- Bus travel on own account may be negligible
- Columns B and C are “travel”

BOP cont

- Line 2b, should have gross comp emp, may have net of “travel
- Require border and seasonal workers to be employed in host country (if not, provide services)
- Family members of working non-residents treated as non-working non-residents (incl diplomats etc) change in BOP

		A- Activity/other transaction BOP receipts	B-Business expenditure BOP outflows	C-Personal expenditure BOP outflows
1	Non-working non-resident (person travelling for recreation)			
	1a- less than 24 hours 1b – one day or more			Yes
2	Working non-resident			
	2a – Employed (or self- employed) in unit in home country	Contributes to home country GDP, BOP receipts are exports (mainly services)	Yes	Yes (in theory, may be zero in practice)
	2b- Employed by unit in host country i – occasional	Contributes to host country GDP, BOP receipts are compensation of employees		Yes
	ii – border and seasonal workers	Contributes to host country GDP, BOP receipts are compensation of employees		Yes
3	Working resident	Contributes to host country GDP, BOP receipts are Workers’ remittances		
4	Non-working resident	Does not contribute to GDP; BOP receipts are Other current transfers		

SNA

- Col B is intermediate consumption
- Col C is final consumption
- Change subsistence rule to be in line with BOP (and practice?) – all intermediate consumption

		A- Activity/other transaction BOP receipts	B-Business expenditure BOP outflows	C-Personal expenditure BOP outflows
1	Non-working non-resident (person travelling for recreation)			
	1a- less than 24 hours 1b – one day or more			Yes
2	Working non-resident
