

TO ACCESS THE VIRTUAL FORUM

On desktop, log in on [this page](#). (enter event code: 2020unwdf)

On mobile, download Attendify & create a profile (search by event name: World Data Forum or event code: 2020unwdf)

You can use the Virtual Forum to watch recordings of all sessions, network with other participants, receive updates, access the agenda, content and more!

On desktop, the below troubleshooting tips should help:

- please make sure you use the latest version of one of the following browsers: Chrome, Safari, Edge, Firefox
- please disable any ad blockers (can be installed as browser extensions, as well as your desktop apps)
- please type in an event code instead of pasting it to ensure you have not copied any blank space as it would count as a symbol
- you can also try to switch to Incognito window or another network

Any questions? Write to us at dataforum@un.org
