

UNITED NATIONS WORLD DATA FORUM 2024 (12 - 15 NOVEMBER)
Plaza Mayor Medellín Conventions and Exhibitions, Medellín, Colombia
Provisional programme, as of 3 October 2024

Tuesday, 12 November, 2024

Time (Auto-adjusts to your local time, unless (Medellin time) shown)	Rm Name	Plenary Room	GHR	RA	RB	RC	RD	C5	C6	C7+C8+C9	C1+C2	C3+C4
	Capacity	3,000	300	200	200	200	200	150	150	90	60	60
10:00 - 11:00 (Medellin Time)	Event Title	Opening press conference (LOCATION: MEDIA AREA)										
	Organiser	Departamento Administrativo Nacional de Estadística (DANE-Colombia); United Nations Statistics Division (UNSD-DESA)										
BREAK												
11:00 - 15:30	Event Title	Opening ceremony										
	Organiser	Departamento Administrativo Nacional de Estadística (DANE-Colombia)										

Wednesday, 13 November, 2024

Time (Auto-adjusts to your local time, unless (Medellin time) shown)	Rm Name	Plenary Room	GHR	RA	RB	RC	RD	C5	C6	C7+C8+C9	C1+C2	C3+C4
	Capacity	3,000	300	200	200	200	200	150	150	90	60	60
09:00 - 09:15 (Medellin time)	Event ID	TA_0.03										
	Thematic Area	_O										
	Event Title	Welcome and introduction										
	Organiser	Departamento Administrativo Nacional de Estadística (DANE-Colombia) / United Nations Statistics Division (UNSD-DESA)										
09:15 - 10:30 (Medellin time)	Event ID	TA1.1										
	Thematic Area											
	Event Title	Innovation for better and more inclusive data										
	Organiser	UN World Data Forum Programme Committee (UNWDF PC)										

BREAK													
Event ID	Thematic Area	Event Title	Organiser	TA1.2	TA1.4	TA1.14	TA2.10	TA4.8	TED.201	TED.211	Local 1	LEARN.301	DEMO.501
		Leveraging AI & open data to address pressing global and local development challenges	Google; United Nations Statistics Division (UNSD-DESA); MAKAIA; World Health Organization (WHO); ONE Campaign;		Improving access to civil registration services for lesbian, gay, bisexual, transgender, queer, intersex and asexual (LGBTQIA+) communities globally by strengthening national and regional laws and data systems and ensuring legal identity.	Taking Data Into Our Own Hands: co-creating the roadmap to implement the Copenhagen Framework on Citizen Data	Open Data Charter (ODC); Secretaría de Participación Ciudadana de Nuevo León, Mexico; Consejo Nuevo León para la Planeación Estratégica; Instituto Nacional de Transparencia, Acceso a la Información y Protección de Datos Personales (INAI-México), Mexico	Leveraging Multistakeholder Data-Driven Efforts for Ending Hunger: The Food System Countdown Initiative	From Traditional Surveys to Emerging Technologies: Their Role in Evidence-Based Environmental Policy Making	Monitoring Frameworks for SDGs in India at national and sub-national level / Maximising the use and value of data for better decision making through the Integrated Data Service / Are we missing the missing? Strengthening the health sector's use of mortality data for public health decision-making / A data-based public management model: Can a microdata exercise enhance public management?	Reserve [Local event]	Practicing Digital Inclusion: An interactive learning session	Technological stack for leveraging large volumes of data: use case for constructing labor market indicators in Chile from administrative records of workplace accidents and occupational diseases. / Uniting data for the common good of migration / The role of population data in creating urban heat index maps of your city

BREAK													
Event ID	Thematic Area	Event Title	Organiser	TA2.2	TA3.6	TA1.15	TA2.11	TA4.6	TED.202	TED.212	Local 2	LEARN.302	DEMO.502
		Data for Action: innovative Solutions for Effective Data Dissemination and Use	United Nations Population Fund (UNFPA); Government of Bangladesh; Ghana Statistical Service (GSS); World Bank (WB); United Nations Statistics Division (UNSD-DESA); World Health Organization (WHO); United Nations Economic Commission for Latin America and the Caribbean (UNECLAC / CEPAL)		The future role of the UN Statistical Commission	Invisible no Longer: Data Solutions to LNOB Dilemmas	Integrating data use in policy organizations: What does it really take?	Unlocking Development Through Data: Strategic Pathways in Africa	Data Science for empowered and equitable decision making	Colombia and the path towards the Universal Income Registry (RUI): business rules, methodology and forms of use / MPI+ Mapping and Monitoring the favelas of Brazil to fight poverty: A non-traditional index for informal settlements / Shaping transparent, sustainable, and inclusive financial sectors / FISLAC: a data-driven ecosystem to help governments strengthen fiscal policy sustainability and decision-making	Reserve [Local event]	Practical tools for statistical production with a gender perspective: contributions from Latin America and the Caribbean	AI and Innovation for Data Dissemination / Presentation of a DataLab to boost the use of data science tools by tax administrations in Africa / Making sense of unstructured data: A case study on NLP methods for monitoring mainstreaming of groups in vulnerable situations in climate policy documents

BREAK

		New challenges for NSOs. The only way out is through!	Swiss Federal Statistical Office (FSO); Statistics Poland; International Association for Official Statistics (IAOS); Polish Statistical Association		Citizen Data as a framework for nurturing the SDG Agenda: From Global frameworks to Local action	Enhancing CRVS Systems: Intersectional Approaches and Resource Mobilization for Inclusive and Sustainable Development	Geospatial analysis for public policy decisions: a path of action to accelerate gender equality	Harnessing Data Exchange Platforms to accelerate SDGs & high-value data access	Reaching All, Empowering Action: Decentralized Data Governance, Geographic Data and Hidden Populations.	No One Left Behind: Data Invisibility, Citizen-Generated Data, and Digital Rights for Gender-Diverse Communities / Saefcity - crowdmap for sexual and gender based violence / The invisible link between maternal mortality and early marriage in the indigenous population / Inside the black box: the questions you forgot to ask about gender data use.	Reserve [Local event]	Peer to Peer exchange: Open Data frameworks for better SDG reporting	Empowering Sustainable Choices: Visualizing Nutrition for a Healthier Future - Presented by the Healthy Diets Monitoring Initiative / Open Data Punku Yachay (door of knowledge) / Enhancing Epidemiological Surveillance of Vaccine-Preventable Diseases with VPD-SMART: A DHIS2-Based Information System

BREAK												
Event ID	Thematic Area	Event Title	Organiser	TA2.1								
		Maximizing the use and value of data for better decision making	UN World Data Forum Programme Committee (UNWDF PC)									

- TA 1. Innovation for better and more inclusive data: data integration and leveraging of various data sources and methodologies to ensure visibility and voice for everyone
- TA 2. Maximizing the use and value of data for better decision making: adding value to data through better analysis and communication to ensure full use of data for bettering lives through the agency, respect, and inclusion of everyone
- TA 3. Building trust, protection and ethics in data: developing the principles of stewardship within the data ecosystem to balance the full value from data use with the protection of privacy and data rights
- TA 4. Effective partnerships for better data and a more equitable data ecosystem: supporting global, regional, national and sub-national data ecosystems in the implementation of the Cape Town Global Action Plan including sustainable finance for data and statistics programmes at all levels of organization

UNITED NATIONS WORLD DATA FORUM 2024 (12 - 15 NOVEMBER)
Plaza Mayor Medellín Conventions and Exhibitions, Medellín, Colombia
 Provisional programme, as of 3 October 2024

Thursday, 14 November, 2024

Time (Auto-adjusts to your local time, unless (Medellin time) shown)	Rm Name	Plenary Room	GHR	RA	RB	RC	RD	CS	C6	C7+C8+C9	C1+C2	C3+C4
	Capacity	3,000	300	200	200	200	200	150	150	90	60	60
09:00 - 10:15 (Medellin time)	Event ID Thematic Area Event Title Organiser	TA3.1 Building trust, protection and ethics in data UN World Data Forum Programme Committee (UNWDF-PC)										
10:15 - 10:45 (Medellin time)	Event ID Thematic Area Event Title Organiser		TA4.9 Caribbean Data Solutions Hub	TA1.13 Children on the move: exploring the gaps, needs and solutions for better quality data	TA1.17 Moving forward to the development of dissemination platforms based on an interoperable data banks ecosystem.	TA2.13 Leveraging Longitudinal Surveys to Foster Resilience in the Polycrisis Era	BREAK TA4.11 The importance of demand-side data on digital access and use for evidence-based policy-making in Africa	TED.204 How to efficiently utilize sampling techniques to improve data quality of economic census / Inclusive business statistics / Experiences of violence and harassment at work: A global first survey	TA4.18 Identifying and Building Synergies in the Migration Data Ecosystem	LEARN.310 Fostering Citizen and Inclusive Data into the National Statistical Systems through South to South Cooperation	LEARN.304 Data Ecosystems and Gridded Housing and Environmental Statistics for Evidence-Based Policy Making	DEMO.504 Innovation in data collection on ethnic-racial population: progress in inclusion and characterization in Colombia / Timely, comprehensive and focused provision of social services based on an interoperable system of administrative records. The Ecuadorian case to prevent stunting / Tools for the visualization of demographic indicators as a strategy for prospective planning at the local level in Mexico / From Numbers to Change: Using Data to End Gender-Based Violence
11:45 - 13:30 (Medellin time)	Event ID Thematic Area Event Title Organiser		TA1.3 Empowering Vulnerable Entrepreneurs: Data-Driven Business Strategy for Inclusive Digital Transformation	TA1.8 Data Innovations on Housing and Environmental Statistics: Combining Alternative and Official Data to Map Informal Settlements	TA4.17 Citizen science: Opportunities and Challenges for Enhanced Local to Global SDG Monitoring and Action	TA2.9 Alternative mapping data for resilience and development in the face of climate change	BREAK TA4.12 Advancing human rights through provision of address and ending homelessness: Geolocated statistics improvement and inclusive homelessness enumeration	TED.205 Data dissemination across contexts	TA4.19 Measure for Measure: Leveraging gender data capacity measures in practice	Local.4 Reserve [Local event]	LEARN.305 Workshop: Delivering immunisation services to zero-dose children through geospatial microplanning support documents: why, what, and how?	DEMO.505 Optimizing Job Creation Metrics in Infrastructure Projects to Strengthen Social Safety Nets for Vulnerable Households in Africa / Practical Workshop: Building Capabilities in Open Data from Nuevo León / Rebuilding Somalia's Data and Statistical System: The Power of Data and Partnerships for the SDG
14:30 - 14:45 (Medellin time)	Event ID Thematic Area Event Title Organiser		TA2.3 Global perspectives on enabling access to platform data for public-interest research	TA1.9 What's next for statistics on ageing and older people? Lessons from SDGs and beyond.	TA1.7 Technological Innovations in Census and Surveys: CAWI and Smart Geospatial Tools (preA)	TA2.15 Getting to the finish line: Strengthening country capacity to translate gender data into use and impact by 2030	BREAK TA4.13 Mixed Movement Monitoring in the Americas – A joint UN regional monitoring system lead by UNHCR, UNICEF and WFP	TED.206 From Big Data to Big Insights: Putting a Policy and Methodology of Big Data and NON-traditional data with Data Science Power and Efficiency in Statistical Work / The State of Africa's Data Governance for Statistical Interoperability, in the age of Artificial Intelligence	ANCE.405 One Data One Humanity - The power of collaboratives and collective data action	Local.5 Reserve [Local event]	LEARN.306 Response Integration of data sources to measure displacement in the face of extreme events and disasters	LEARN.311 Parliamentarian for an hour: what's behind evidence-based policy making?
15:45 - 16:15 (Medellin time)	Event ID Thematic Area Event Title Organiser		TA3.3 Co-creating data action in the digital age: learnings from global community activists on how to create fairer, more inclusive and accountable data practices	TA1.10 Ensuring equity and inclusion in humanitarian action: Integrating intersectionality and accounting for Forced Displacement in subnational population estimates	TA2.6 Data Modernisation in Small Island Developing States: Insights and Innovations from the Pacific	TA2.16 Leveraging new forms of spatial data for achieving global and national goals for biodiversity and sustainable development	BREAK TA4.14 Fostering inclusive statistics on migration, displacement, and statelessness: drawing lessons from national and regional experiences	TED.213 Child Deprivation Mapping Through Satellite Imagery and Other Geospatial Data / Earth Observation (EO) data and Open-Source Intelligence (OSINT) to track and monitor trafficking and organized crime / Harnessing satellite data to measure progress towards SDG8 / State of the OpenStreetMap in Niger / Partnering for success: UK's mapping and statistical agencies working together for the public good	ANCE.404 Data-Driven Empowerment: Launching Gender and Diversity Equality Initiatives	Local.6 Reserve [Local event]	LEARN.307 Framing data equity: the importance of embedding data equity to enhance trust	LEARN.312 Data Solidarity and PLUTO: Introducing a Tool for Bringing Public Value to Data Governance

TA 1. Innovation for better and more inclusive data: data integration and leveraging of various data sources and methodologies to ensure visibility and voice for everyone

TA 2. Maximizing the use and value of data for better decision making: adding value to data through better analysis and communication to ensure full use of data for bettering lives through the agency, respect, and inclusion of everyone

TA 3. Building trust, protection and ethics in data: developing the principles of stewardship within the data ecosystem to balance the full value from data use with the protection of privacy and data rights

TA 4. Effective partnerships for better data and a more equitable data ecosystem: supporting global, regional, national and sub-national data ecosystems in the implementation of the Cape Town Global Action Plan including sustainable finance for data and statistics programmes at all levels of organization

UNITED NATIONS WORLD DATA FORUM 2024 (12 - 15 NOVEMBER)
Plaza Mayor Medellin Conventions and Exhibitions, Medellin, Colombia
 Provisional programme, as of 3 October 2024

Friday, 15 November, 2024

Time (Auto-adjusts to your local time, unless (Medellin time) shown)	Rm Name	Plenary Room	GHR	RA	RB	RC	RD	C5	C6	C7+C8+C9	C1+C2	C3+C4
Capacity		3,000	300	200	200	200	200	150	150	90	60	60
09:00 - 10:15 (Medellin time)	Event ID	TA4.1										
	Thematic Area											
	Event Title	Effective partnerships for better data and a more equitable data ecosystem										
	Organiser	UN World Data Forum Programme Committee (UNWDF-PC)
