

Kate Richards
Outreach Manager for the Inclusive Data Charter

Kate Richards is the Outreach Manager for the Inclusive Data Charter, an initiative of the Global Partnership for Sustainable Development Data.

She leads on engaging new Inclusive Data Champions, as well as developing and implementing communications and advocacy strategies that catalyze action on disaggregated and inclusive data. Kate previously worked for Dalberg and Oxford University and has an MPA from the London School of Economics.

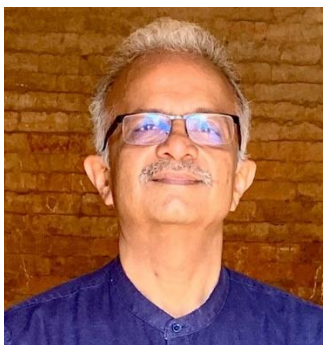

Alison Bryant
Senior Vice President of Research & Enterprise Lead for Technology & Digital Equity (AARP)

Alison Bryant leads the Research Center and heads up the Technology impact area for AARP.

In these roles, she is focused on helping the organization, consumers, and external stakeholders understand, engage with, and innovate for the 50+ consumer and their families. She is a renowned expert on the impact of media, technology, and play on consumers.

She earned her Ph.D. from the Annenberg School of Communication at the University of Southern California.

Sanjay Purohit
Chief Curator, Societal Platform

Sanjay has more than 30 years of diverse and global experience across corporate and societal development sectors. This spans senior leadership and entrepreneurial roles in corporate strategy, digital transformation, management consulting and sustainable development. Since 2016, at EkStep Foundation, he is leading the evolution of Societal Platform Thinking, an innovative method to resolve complex societal challenges with speed, at scale, and sustainably. He advises multiple social entrepreneurs who are developing Societal Platforms in domains such as, but not limited to, education, financial inclusion, healthcare, urban governance, and livelihoods. This includes large scale systems change initiatives supported by Co-Impact, a global philanthropic collaborative. In parallel, he is catalysing ShikshaLokam, a Societal Platform that is focused on developing leadership across the education system in India.

Passionate about mentoring young entrepreneurs, he advises startups supported by Fundamentum, a scale investment fund, The/Nudge CSI, a not-for-profit incubator and accelerator, and Edumentum, a not-for-profit incubator focused on education. He is Chair - Innovation Advisor Board at Unleash, a global design lab for Sustainable Development Goals, and Advisory Board Member at Sparks & Honey.

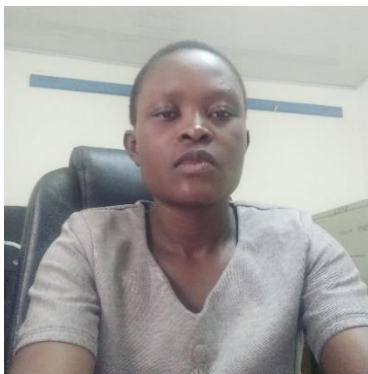

Claudia Cappa
Senior Adviser for Statistics and Monitoring in the Data and Analytics Section (UNICEF)

Claudia Cappa is a Senior Adviser for Statistics and Monitoring in the Data and Analytics Section, at the UNICEF headquarters.

She is the focal point for data collection, data analysis and methodological work on Early Childhood Development, Child Disability and Child Protection from Violence, Exploitation and Abuse. The support for these activities includes elaboration of survey questionnaires and data collection tools, estimations, development of methodologies, indicators, tools and normative guidelines, capacity building, data analysis, production of reports, as well as delivery and dissemination of final results.

In this capacity, she has led the preparation of a number of data-driven publications and is responsible for interagency collaborations and partnerships.

Prior to joining UNICEF, she was working at the University of Geneva and at the Institute for Social Studies of the International Labour Organization (ILO). She holds a MA and a PhD in Development Studies from the Graduate Institute of International and Development Studies, Switzerland.
