Statement/intervention provided by:
REPUBLIC OF INDONESIA

Statement/intervention:

THE REPUBLIC OF INDONESIA welcomes and recognizes the efforts undertaken by THE REPUBLIC OF KOREA in publishing Glossary of Terms for the Standardization of Geographical Names in Korea.

As the Glossary is expected to serve as a valuable reference for its target users, such as government officials, academicians, researchers, students, and civilians, it is essential to note that how the user will access the document is also an essential thing to provide. An easy way to get and use the document will increase the number of users and directly meet the program's aim to serve and become a valuable reference to as many as people of the Republic of Korea and worldwide.

Thank You.
