

## Side Event to the 2021 UNGEGN Session Global Conversation

Thursday 15 April 2021 at 8:00 am EDT (New York)

We are living and working in unprecedented times, which requires novel and innovative approaches to continue our operations. Preparations for a virtual 2021 UNGEGN session is underway, and having a **Global Conversation** is one of the measures being employed to adjust to the virtual environment.

The UNGEGN Bureau and Secretariat invite all UNGEGN stakeholders to join them on **Thursday 15 April at 8:00 am, via WebEx** for the Global Conversation. Participants will be:

- briefed on preparations for the 2021 UNGEGN session,
- informed why and how written statements should be prepared and submitted,
- learn about scaled down meeting procedures and
- most importantly, have your questions answered.

As the name connotes this meeting will be informal and meant to prepare you to ably participate in the session, without being surprised or lost.

The conversation will be moderated by Stefan Schweinfest, Director of UNSD, with presentations from the UNGEGN Bureau and UNGEGN secretariat.

No preregistration is required.

For additional information please contact [blake1@un.org](mailto:blake1@un.org) and or [frani@un.org](mailto:frani@un.org) and please do visit the session website [UNSD — United Nations Group of Experts on Geographical Names](https://www.un.org/unsd/gn/)
