## **Meeting Notes**

## **Introduction**

- 1. The meeting was attended by representatives from FAO, ILO, ITU, UNICEF, UNCTAD, UNDP, UNECA, UNECE, UNESCAP, UNESCWA, UIS, UNHCR, UNIDO, UNOCHA, UNOHCHR, UNODC, UNFPA, UNSD and UNWTO. The meeting was chaired by Mr. Stefan Schweinfest (UNSD).
- 2. The agenda, documents presented and a detailed list of participants are presented as annexes I, II and III, respectively.

## Opening and welcome

3. The Meeting was opened by Stefan Schweinfest, Director, UNSD. The Meeting heard a welcome address by Mr. Jomo Kwame Sundaram, Assistant Director-General for Economic and Social Development, FAO.

### Formal Establishment of the Group

4. UNSD recalled the background for the formal establishment of this group, introduced the document entitled "Draft terms of reference" (prepared by UNSD and FAO) and the new website for this group hosted by UNSD. The discussion focused on the working methods of the Group as presented in the document and how the terms of reference need to be amended by a "mission statement" and "key functions".

#### 5. Conclusions:

- (1) Members agreed with the working methods as described in the terms of reference
- (2) Members agreed that a chapeau be added to the draft terms of reference. This chapeau could include the following: Key missions, objectives, functions and deliverables of the Group. Members are invited to send their concrete proposals for key functions and deliverables shortly after this meeting. Based on these submissions, UNSD will draft such a chapeau and either finalize it in a written procedure with the Group or during the next meeting.
- (3) Members agreed that it would be beneficial for this Meeting to generally meet <u>before</u> the CCSA meets. The secretariat will take this into account when scheduling future meetings of the Group.

- (4) Members agreed that the new website should be formally linked to the UNSD website but should remain protected.
- (5) Members should submit their comments on the draft minutes of the March meeting as soon as possible after this meeting.

## Quality assurance frameworks for UN system entities

6. The topic was introduced by UNSD without documentation. In a tour de table, members shared the status of their quality assurance work. The possibility of a Generic Quality Assurance Framework for the UN (UNGQAF) was discussed.

#### 7. **Conclusions**:

- (6) Members with an existing quality assurance framework (or other similar documents) agreed to send their documents to the secretariat for posting on the new website.
- (7) A task team consisting of UNSD, UNIDO, ODC, FAO and OCHA will look into the possibility of creating a UNGQAF. Other members are welcome to join at any stage.
- (8) UNSD will look into the possibility of supporting this work with a consultant.

## **Governance structures of UN system entities**

8. The topic was introduced by UNSD without documentation. During the discussion, members shared their very different governance structures and inherent problems. The benefits and use of an inventory of statistical governance bodies and structures of UN system entities, and of their reporting practices to the UNSC were discussed.

#### 9. **Conclusions**:

- (9) Members decided to compile an inventory on governance structures as a first step towards a better mutual understanding. It could also lead to identifying the biggest problems and trying to solve them.
- (10) A task team will work with the secretariat on a short questionnaire. Results of this survey will be considered at the March meeting. Members are welcome to volunteer for this task team.

#### **Principles Governing International Statistical Activities**

10. FAO introduced the document entitled "Additional results of the CCSA Survey on the Implementation of the Principles Governing International Statistical Activities focusing on UN Organisations" and a short note listing members, for which the chief statistician has in the past endorsed the Principles Governing International Statistical Activities. Based on earlier discussions during the meeting in March 2014 the Meeting

considered the best way to bring the Principles to the attention of the principals/chief executives and initiate their endorsement.

#### 11. **Conclusions**:

(11) Members agreed on the following procedure: UNSD will draft a letter from USG Wu to the principals of CEB member organizations. UNSD will share a draft of this letter with Members for their comments. UNSD will discuss further with USG Wu whether discussing the topic at a CEB Meeting should be considered.

### **Country names**

12. UNSD introduced the document entitled "Official country names and groupings – briefing on the M.49 Classification 'Standard Country or Area Codes for Statistical Use". During the discussion, specific issues and problems with regional groupings were mentioned.

#### 13. **Conclusions**:

- (12) Members agreed to check the country/area listing they use against M.49. Discrepancies should be sent to UNSD and will be discussed at future data managers meetings.
- (13) The topic will remain on this Meeting's agenda for March 2015.
- (14) UNSD will share the letter it sent to the Office of Legal Affairs (OLA) regarding the situation Ukraine/Crimea. UNSD will also share the reply from OLA, once received.

## <u>Update on the Post-2015 Development Agenda / Open Working Group</u>

14. UNSD introduced the document entitled "Work on the indicator framework for the post-2015 development agenda" and a background document "Matching of indicators to OWG Targets from Outcome Document". UNSD further briefed the Meeting on the formation and terms of reference of the Independent Expert Advisory Group (IEAG).

#### 15. **Conclusions**:

(15) Members welcomed the briefing on the status of these two distinct processes and welcomed the opportunity to talk to one of the co-chairs of the IEAG, Mr. Enrico Giovannini during the upcoming CCSA Session.

## **Other business:**

16. No other business was discussed.
